

GROWTH IS PROSPERITY

... IT HAS MEANT THAT FOR CENTURIES,
BUT WHY IS IT NOW CAUSING ENVIRONMENTAL IMPACTS?

WHY WOULD GROWING PROSPERITY ALSO NOW RISK OUR
USING UP EVERYTHING USEABLE ON EARTH, AT THE RATE PEOPLE
CAN GET THE FASTEST GROWING PROFIT FROM?

THESE THREATS ARE NOT BECAUSE OF POLITICS, EXCEPT FOR
NEGLECTING HOW LITTLE TIME WE HAVE LEFT TO ACT ON THEM.

THE NEED TO SAVE THE EARTH IS VERY POPULAR, ALL OVER
THE EARTH.

GROWTH IS THE PURSUIT OF MONEY TOO,

...USING MONEY ALWAYS CONTRIBUTES TO BUSINESSES
INCREASING THEIR PROFITS AS FAST AS THEY CAN.

WE STILL FIND IT VERY HARD TO IMAGINE
HOW MAKING MONEY USES OUR WORLD
AS A WHOLE, THOUGH....

*HOW AVERAGE USES OF MONEY IMPACT THE WORLD AS A WHOLE... IS ABOUT AVERAGE! LIKE, ~1LB OF CO2
COMES FROM \$1.00 OF GOODS, AS A WORLD AVERAGE*
